

Ambe Medical Group
Wholesale • Storage • Distribution

Ambe Medical Group (AMG) is one of the UK's leading MHRA and Home Office approved route to market wholesalers of pharmaceutical and healthcare products.

With over 10 years experience in wholesale distribution, sales and marketing, AMG has continued to expand to serve the ever increasing need of the UK's pharmaceutical and healthcare sector.

AMG's services vary from offering simple contract storage and logistics to promotion and brand development. AMG's professional network of industry experts develop a step-by-step strategy to manage this process by understanding the manufacturers requirements.

Services can be tailor made to include stock entry, storage, pick and pack, inventory/batch management to sales order processing. We manage your products until dispatch and delivery to your customers.

Storage of Pharmaceuticals

AMG operates from its own 50,000 sq ft MHRA (Medicines and Healthcare products Regulatory Agency) approved warehousing in the UK. AMG offers contract storage facilities for short and long term use.

Logistics and Distribution Management

AMG's distribution network serves the entire UK and Europe. AMG is the ideal distribution partner to deliver your products securely and on time to your customers. AMG applies a 'just in time' approach to distribution by co-ordinating with the receiver and ensuring your business operates more efficiently and your customers receive their products as and when they are required.

Cold chain distribution for pharmaceutical products, such as vaccines, need to be stored and distributed within 2 to 8 °C. AMG ensures that your products are controlled and monitored within the supply chain.

Specialist Homecare Distribution

AMG works closely with manufacturers, NHS and Insurance companies to offer a specialist homecare delivery service direct to the patients doorstep.

Pharmaceutical Procurement

As a licensed wholesale distributor AMG can source pharmaceutical products from anywhere across the globe and provide specialist supply for:

- Clinical trials
- Special medicines
- Orphan drugs
- Comparator drug sourcing
- Unlicensed medicines
- Controlled drugs

"Our focus has always been to provide total quality management with excellent service to all our existing and prospective clients. AMG is accredited to UKAS ISO 9001:2000 and strives to comply to the highest standards in the industry."
